SATURDAY, MARCH 7 - Breakfast 7:30-8:15 am; Workshops 8:15 am-5:00 pm

WHO SHOULD ATTEND?

Physicians, nurse practitioners, pharmacists, nurses, addictions counselors and others working with, or wanting to work with patients undergoing opioid agonist therapy will all benefit from the valuable information and presentations that will be offered at this conference.

WHY YOU SHOULD ATTEND:

Learn how to manage and monitor methadone and buprenorphine/naloxone safely, in the context of Opioid Use Disorder; the value of a coordinated community-based approach; managing comorbid physical and psychological conditions and more.

This conference meets the CPSS educational requirements outlined in the OATP policies, which describe the requirements to become an Opioid Agonist Therapy approved prescriber.
