Part of an Educational Presentation Series
with nationally-recognized speakers!

A

Pain Management and Opioid Use

with
Dr. Andrea Furlan, MD, PhD

Objectives:

1. Review acute and chronic pain
2. Discuss "curability" of chronic pain
3. Determine if/how people can live well with chronic pain
4. Learn whether opioids improve quality of life for people living with chronic pain
5. Discuss strategies for reducing the risk of addiction when opioids are prescribed for pain
6. Appreciate the utility of buprenorphine for chronic pain
