RE: COVID-19 Skills Inventory and Exposure Reporting

Work is underway to ensure we have a current record of our physician workforce capacity (including physicians in self-isolation), as well as a record of physician experience, skills or training outside of regular practice that could support a pandemic response.

To obtain these records, we are asking the following of physicians:

- Report any additional experience, skills or training outside of regular practice that could support a pandemic response (e.g., Emergency, Trauma, Critical Care, Resuscitation) at <https://www.saskdocs.ca/additional-pandemic-skills-submission/>
- Report any exposure using the online physician reporting tool at <https://www.saskdocs.ca/pandemic-status-submission/>

Up-to-date information for providers can be found at <http://saskatchewan.ca/covid19-providers>.
