

REVALIDATION AND MAINTENANCE OF CERTIFICATION

Revalidation Program

Saskatchewan physicians who are licensed on a full, provisional or special licence are **required to enroll in a continuing professional learning program** (5-year cycle) with the *Royal College of Physicians and Surgeons of Canada* (RCPSC) or the *College of Family Physicians of Canada* (CFPC). This is required to renew your professional registration annually. This process is known as **revalidation**.

If you hold only a temporary or educational licence, you are not required to enroll for Mainpro+ or Maintenance of Certification.

Where to enroll

Current members of the CFPC and individuals who hold certification* or fellowship** with the RCPSC will need to **meet the requirements of Mainpro+ or Maintenance of Certification** at the end of their cycle and provide proof that this has been done. If you are **not currently enrolled** in either Mainpro+ or Maintenance of Certification, you will need to **enroll prior to applying to renew your licence** for the upcoming year.

Non-members of the CFPC can enroll in Mainpro+ and have their Continuing Medical Education (CME) activities tracked in the same way as certified members have their CME activities tracked. This is also the same for non-certified specialists as they can enroll with the RCPSC in the Maintenance of Certification program and have their CME activities tracked.

As this is a requirement of your professional registration, you are encouraged to ensure your enrollment and maintenance is in place and part of your regular professional learning and practice. Indicating that you are enrolled in a program *when you are not* may result in disciplinary action.

Submission of Credits and Payment of Fees

In addition to submitting the necessary paperwork, you must ensure that you submit the necessary **initial enrollment fees** and the **annual enrollment fees**. If you do not submit your fees, then you risk not being enrolled or having your enrollment discontinued.

Once enrolled, you will **record your CME information within your learning program**. We encourage you to enter your CME activity into your online account as soon as the activity is completed. Waiting until the end of your learning cycle to enter credits into your account poses the risk of you forgetting to capture credits earned, losing access to your online account and/or losing the ability to enter credits.

You must ensure that you meet the **minimum credit requirements** as established by the program in which you are enrolled or fees will be imposed.

At the completion of your learning cycle, you will be required to **provide the CPSS with a certificate** from your program confirming that you successfully completed your learning cycle. The certificate may be obtained from the program website (Mainpro+ or Maintenance of Certification) and must be submitted during the annual registration renewal.

* **CRCPC or CRCSC** - Certification of the RCPSC
 ** **FRCPC or FRCSC** – Fellowship of the RCPSC.

IMPORTANT

Failure to submit your credits into your online account will result in a failure to provide the required certificate and you will be subject to fees for non-compliance as described below or the CPSS may decline to renew your registration.

Registration Renewal

At the time of annual registration renewal, you will be asked to confirm that you are enrolled in a program and to provide the date of your learning cycle (set by the program in which you have enrolled).

At the end of your learning cycle, you will be required to provide the CPSS with proof that you have met the requirements of Mainpro+ or Maintenance of Certification. Failure to do so will impact your ability to renew your licence unless you receive an extension or an exemption from the Registrar.

Fees for Non-Compliance

The Registrar's Office will administer fees to ensure cost recovery from physicians who fail to meet CME requirements and who fail to comply with *Regulatory Bylaw 5.1 Standards for Continuing Education and Maintenance of Membership*:

1. A physician who fails to enroll in Mainpro+ or Maintenance of Certification, or who fails to maintain enrollment in Mainpro+ or Maintenance of Certification as required by regulatory bylaw 5.1, will be required to pay a fee of \$500;
2. A physician who has failed to enroll in Mainpro+ or Maintenance of Certification, or who fails to maintain enrollment in Mainpro+ or Maintenance of Certification as required by regulatory bylaw 5.1 and who is required to comply with any of the conditions in regulatory bylaw 5.1(h) shall, in addition to the \$500 fee in paragraph (a), be required to pay a fee of \$500;
3. A physician who has enrolled in Mainpro+ or Maintenance of Certification as required by bylaw 5.1, but who has failed to meet the requirements of the program or has failed to provide the evidence required by paragraph (d)(iv) and who is required to comply with any of the conditions in regulatory bylaw 5.1(h), shall be required to pay a fee of \$500.

Frequently Asked Questions

Q- I enrolled in the appropriate program (RCPSC or CFPC) but have allowed my enrollment to lapse. Is this a problem?

A- If you wish to renew your registration for the upcoming year, you must be enrolled in a program with either the RCPSC or the CFPC and stay enrolled. Keep in mind that failure to pay the fees also means loss of enrollment.

Q- Is there a minimum number of credits that I need to accrue for my program?

A- Royal College and CFPC programs require a minimum number of credits each year. It is your responsibility to track your credits in your online account with your program. At the end of your learning cycle your program must confirm to the CPSS that you have met the requirements of their program.

Q- Do I need to submit my CME information (attendance records, certificates etc) to the CPSS?

A- We only require a statement from your continuing professional learning program that you have successfully completed program requirements at the end of your learning cycle.

Q- I am at the end of my current learning cycle. What do I do?

A- You will need to obtain a statement from the relevant program that confirms you have met all of the requirements of your program and submit it to the CPSS. A statement of accrued credits is not sufficient for revalidation purposes.

Q- I need a new learning cycle, what do I need to do?

A - Contact your continuing professional learning program at your respective College (CFPC or RCPSC) to request the dates of your new learning cycle. Retain this information as you will need to provide it to the CPSS when you complete your next annual registration renewal.

Q- Am I eligible for an exemption from revalidation?

A- Physicians who meet the following criteria may be eligible to apply to the CPSS for exemption:

- Physicians practicing outside of Saskatchewan who wish to maintain an active Saskatchewan license;
- Physicians whose practice is restricted to surgical assisting;
- Physicians whose practice is restricted to administrative medicine.

Physicians who meet the above criteria will need to contact the CPSS office to apply for an exemption. Applications for exemption must be submitted on an annual basis prior to professional registration renewal. Only the CPSS can approve an exemption from revalidation.

Q - What do I need to do if I think the exemption criteria may apply to my circumstance?

A - Call CPSS and request to speak to someone in the Registration Services Department about your revalidation requirements at 306-244-7355, Monday to Friday between 8:30AM-4:30PM (closed 12-1pm for lunch) or email cpssreg@cps.sk.ca
