

Inactive Licensure

3.1 REQUIREMENTS OF AN INACTIVE LICENCE

To apply for an Inactive licence, a physician must:

1. Hold a Regular licence; **or**,
2. Hold a form of licensure other than a regular licence and who is unable, for medical reasons, able to engage in medical practice.
3. Withdraw from the active practice of medicine in Saskatchewan.
4. Not practise medicine in Saskatchewan, hold office, or vote.

Conditions required to obtain an Active licence if a Physician is holding an Inactive licence:

To return to medical practice, the physician must:

- a. provide Registration Services with an update of practice activity during the period of inactive licensure in Saskatchewan;
- b. produce a Certificate of Good Standing of recent origin from each jurisdiction in which the physician has practised in since ceasing to hold an Active licence in Saskatchewan; **and**,
- c. provide additional documentation as required by the College;
- d. pay the annual fee for an Active licence established by the Council.

Note: If the physician has not actively practised medicine for a period of 36 months or intends to or has changed his/her field of practice, the physician must provide proof to the Council of successful completion of assessment and retraining as set out in bylaw 4.1.
