

3.1 Inactive Licensure

QUALIFYING FOR AN INACTIVE LICENCE

- 1) A physician who holds a regular licence may apply for a regular inactive licence;
- 2) A physician who holds a form of licensure other than a regular licence and who is unable, for medical reasons, to engage in medical practice, may apply for an inactive licence;
- 3) In order to be eligible for an inactive licence, a physician shall withdraw from the active practice of medicine in Saskatchewan.
- 4) A physician holding an inactive licence shall not practise medicine in Saskatchewan, hold office, or vote.
- 5) If the physician has not actively practised medicine for a period of 36 months, or intends to or has changed his/her field of practice the physician must provide proof to the Council of successful completion of assessment and retraining as set out in bylaw 4.1.

IN ORDER FOR A PHYSICIAN HOLDING AN INACTIVE LICENCE TO OBTAIN AN ACTIVE LICENCE

The physician must:

- Provide Registration Services with an update of practice activity during the period of inactive licensure in Saskatchewan;
- Produce a Certificate of Good Standing of recent origin from each jurisdiction in which the physician has practised in since ceasing to hold an active licence in Saskatchewan; and,
- Provide additional documentation as required by the College;
- Pay the annual fee for an active licence established by the Council.
