*\*Required if you are a physician with a foreign medical degree.*

An applicant who is granted an Educational Licence under the paragraphs to the left may only practise medicine within the scope of the authority granted by the educational program of the College of Medicine or residency training program, as the case may be.

An undergraduate student or a postgraduate student who is a graduate of a LCME/CACMS (United States or Canadian) approved school is not required to provide proof of having passed the Medical Council of Canada examinations or medical licensing examinations in the United States of America.

An Educational Licence may be granted subject to restrictions or conditions, which shall be stated in the Licence.

### **Moonlighting for postgraduate residents:**

The Council may authorize the holder of an Education Licence who is on the Education Register as a resident or by reason of other postgraduate training being undertaken by the physician, to engage in the practice of medicine (moonlighting).

See “*Students and Residents*” tab for further information regarding moonlighting.

***A person whose name is entered on the Education Register shall not sign a document that requires the signature of a duly qualified medical practitioner, unless that person also holds a form of licensure permitting the person to engage in independent practice.***

### **A person’s name shall be removed from the Education Register and their Educational Licence will terminate:**

- upon completion of the training or assessment program; or,
- upon removal of the person’s status with the assessment or training program; or,
- by Council for cause.
